

K9 SERIES

24 HP

K9 SERIES

A LANDOWNER'S BEST FRIEND

It is a fully-featured, tough and reliable companion.

Aggressive Styling

Power Steering with Tilt Wheel

Front/Rear Dual A-arm Suspension

24 hp Engine

Up to 31 mph

1,750 lbs. of Payload Capacity

Engine Gross Power 24 hp

The Tier 4 compliant diesel engine provides powerful performance and fuel efficiency. The K9 Series 24 hp engine offers a maximum traveling speed of up to 31 mph.

Low Noise and Vibration

Front and rear dual A-arm independent suspension and an interior rubber floor mat provide a smooth and quiet ride.

Excellent Brake Performance

Long lasting front and rear hydraulic disc brakes with a mechanical parking brake provide excellent performance and enhanced safety.

CVT

The K9 Series uses a continuously variable transmission with two speed ranges(Hi/Lo) and 4WD. This allows the K9 to provide good response and easily match speed to the current condition.

CV Joint Guards and Skid Plates

Skid plates and front/rear CV joint guards offer added protection of crucial parts. With a full 12 inches of ground clearance, the K9 allows access to the roughest terrain.

K9 SERIES COMFORTABLE AND CONVENIENT

Interior Comfort

The K9 offers enough space to seat three passengers in the 2400 and five in the 2440 with ample leg room for all. Seat belts provide safety, while the contoured bench seat and standard rubber floor mat ensures everyone rides in comfort.

Tilt Steering Wheel

The steering wheel tilts with the simple push of a lever, allowing easy adjustment to fit the operator's needs. A car style multi-function lever located on the column offers convenient accessibility to control the lights, turn signals and horn.

Standard Half Door

For added safety, half doors come standard on the K9 Series to keep out brush while driving.

Automotive-Style Dashboard

Landowners will benefit from the automotive-style dash configuration with its ergonomic design allowing the driver to view or easily access levers and switches. The digital instrument panel allows for visibility during any hour of the day or night.

Abundant Storage

With an open and closed storage area on the dash and storage available under the hood, the K9 offers convenient storage options. The K9 2440 has additional storage under the front seat for larger items.

Power and USB Sockets

Power and USB sockets come standard to meet a variety of electrical needs.

NEXT GENERATION KIOTI UTILITY VEHICLE

Windshield Kit with Wiper (Optional)

An optional laminated glass windshield with a wiper can be added to the K9 Series. The windshield can be opened to allow for ventilation during travel.

Cargo Bed

The K9's wide bed has an 1,100 lb. lift capacity and comes with standard spring lift assist to make work easier. Add the optional hydraulic dump kit and you can easily place any load where you want it.

Spray-In Liner with Hooks

Standard spray-in bed liner increases durability, while adding friction to create an extra layer of security for cargo. Strap hooks located inside and outside of the bed offer multiple points to conveniently secure payloads while traversing the roughest terrain.

Tire Options

With four tire options, owners can customize the K9 to fit their needs. Aluminum wheels are available on Heavy Duty, ATV and Tomahawk tires.

Dual A-arm Suspension

Front and rear fully independent, dual A-arm suspension allow the operator to adjust for the smoothest possible ride.

LED Headlights

LED headlights come standard and offer visibility for the operator long after the sun has set.

Front/Rear Hitch Receivers

Standard front and rear hitch receivers provide a combination of towing options.

K9 CAB SERIES

The great outdoors just got greater.

Factory-installed cab to combat the elements.

Climate Controlled

Forward Tilt-Opening Windshield

Poly-Carbonate Rear Window

3 Cylinder 24 hp Diesel Engine

1,598 lbs. of Payload Capacity

Selectable 2WD / 4WD

K9 CAB SERIES REDEFINES CABIN FEVER

Front Grill Guard

The standard front grill guard protects the K9 from dents and damage while getting the job done.

Tilt-Opening Windshield

Forward tilt-opening laminated windshield can be vented or opened to allow for maximum airflow during travel. Wiper comes standard and improves operator visibility in adverse weather conditions.

Side View Mirrors

Optional fully adjustable side view mirrors help to maximize the operator's field of view while monitoring their cargo load.

Front Work Lights

Integrated roof-mounted front work lights come standard, allowing the operator to safely get the work done, day or night.

Warning Beacon Light

Optional roof-mounted safety warning beacon increases visibility of the K9 and operator while on the jobsite.

Power Steering & Tilt Wheel Standard

Electric speed-sensitive power steering gives operators precise control over the K9 while prioritizing comfort and ease of use. The steering wheel tilts with the simple push of a lever, allowing easy adjustment.

Factory-Installed Climate Controlled Cab

Provides comfort plus noise and vibration reduction. This roomy cab can accommodate up to 3 passengers with ample leg room for all. Seat belts provide safety, while the contoured bench seat and standard rubber floor mat ensure everyone rides in comfort.

Heat & A/C

Heating and air conditioning with center air vents and easy-to-use controls keep operators working in comfort all year long.

Pre-Wired Audio Den

Sound deadening headliner combined with the integrated audio speakers and optional Bluetooth radio gives operators the option to enjoy music while getting the job done.

Durable Polymer Doors

The cab model comes standard with durable polymer doors to help aid against everyday wear-and-tear.

Easy Service Access

The K9 Cab comes standard with a convenient front compartment, containing readily available service and access points.
