

TOP AIR[®] **3-POINT SPRAYER**

Only the Top Air[®] 600-gallon 3-point sprayer combines the advantages of big-boom performance with exceptional maneuverability for greater operator convenience and precision placement.

600-GALLON

600-GALLON 3-POINT SPRAYER FEATURES AND BENEFITS

- 600-gallon capacity solution tank and a 50-gallon rinse tank.
- Hydraulic-driven centrifugal pump and electric agitation control.
- Hydraulic bi-fold, self-leveling booms in 80' three-section or 90' three- or six-section boom shutoffs
- Outer wing breakaway quickly returns to spraying position should it come into contact with an obstruction.
- Compact design and fold for narrow transport width and height, along with standard parking stands for easy storage.
- Standard Raven 4400 controller for complete and easy rate control.
- Nozzle spacing available in 15" or 20" to meet the needs of different operations.
- Parallel-lift boom system with 57" vertical-height control for uniform boom lifting for easier spraying of taller crops
- Frame and boom feature high-quality finish for enhanced corrosion resistance.

Options

- Foam marker gives you precise spraying, pass after pass
- Auto-boom height control, sonar or wheel sensors (dealer installed only)
- Chemical inductor for quick and easy introduction of chemicals into the tank
- Fence-row nozzle kit for easily spraying along the end rows
- Rear hitch for pulling nurse tanks behind sprayer
- FLO-BAK® ball valves for instant shut-off and chemical savings
