

# TOP AIR® ATV SPRAYER

200-GALLON

GO WHEN AND WHERE BIG SPRAYERS CAN'T

## ATV SPRAYER FEATURES AND BENEFITS

- Self-leveling, 45' or 60' manual front-fold booms and tongue-mounted shock absorber system ensure uniform ground clearance over uneven terrain
- Tool-free height-adjustable boom from 12" to 30" with standard-equipment winch and locks securely in place
- Self-leveling tongue and standard 1 7/8" ball hitch for easy hookup
- In-line boom strainer virtually eliminates nozzle plugging for uniform spraying
- Triple- or single-tip nozzles available on 15" or 20" spacings and an easy-to-see pressure gauge mounted at the front of the unit for handling a wide variety of spraying applications
- Tandem axles are infinitely adjustable from 60" to 90" to match row widths
- Standard 22x11x8 high-flotation tires can be moved fore and aft to ideally distribute weight
- Manually operated front-fold boom locks in position for easy storage and narrow transport
- Units are finished with a baked-on powder coat finish for corrosion resistance
- 5.5 HP Honda motor-driven centrifugal pump for easy and reliable operation
- 9-gallon clean water tank with spout and eye wash tube is also equipped with a storage container
- Optional factory-installed accessories include a 2" quick-fill, foam marker system with two 3 1/2-gallon tanks, and fence row nozzle kit for precision spray placement

**A small sprayer with big sprayer performance, the ATV is a unit that can quickly pay for itself. See your nearest Top Air dealer today for a close up look at all the Top Air sprayers or visit us online at [www.topairequip.com](http://www.topairequip.com).**
