

CK2510 25 HP

CK2510

TOUGH JOBS NEED A TOUGHER TRACTOR.

Cruise Control (HST Only) The convenient and easy to use cruise control enables the operator to match speed to field conditions and reduce fatigue. **Hydrostatic Transmission (HST Only)** The HST model utilizes a performance proven, heavy-duty HST that delivers power smoothly and efficiently. A single directional pedal allows speed and direction changes without Illuminated clutching or shifting. Dashboard With the HST drive your hands The dashboard illuminates when remain free for steering and the engine is started ensuring implement control. great visibility while working in bright daylight or at night.

Single Lever Joystick The operation of the front loader is made easier by the use of a single lever joystick. The lever automatically returns to neutral and the loader stops in place when the joystick is

released.

A float position allows the bucket free

floatation over the

ground surface.

Power Steering Hydrostatic power steering minimizes the effort required to make tight, repetitive turns.

Comfortable Seat

with Suspension

With a high quality adjustable suspension seat the operator enjoys a comfortable and smooth ride. A seat belt is included for safety.

> 3-Point Hitch With an adjustable right side lift rod and top link, you can easily and quickly attach implements.

EXPERIENCE THE POWERFUL CK2510

Eco-Friendly Diesel Engine

The eco-friendly diesel engine provides powerful performance and improves fuel efficiency while reducing noise levels. With this eco-friendly Tier 4 engine, the 24.5 HP engine offers the operator a quiet work environment with powerful performance.

Compact Design

The streamlined hood design improves visibility and serviceability for the operator.

A vertical opening hood allows for easy access to the air filter, fluid service, fuse box and electrical components.

Hi/Low Speed Ranges

The CK2510 features a Hi/Low range transmission to maximize performance and efficiency.

Increased Hydraulic Pump Capacity

The 11.3 gallon hydraulic pump capacity allows for faster implement work and better overall work efficiency.

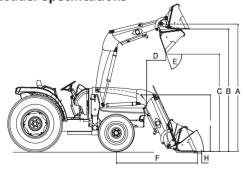

Foldable ROPS

The standard fold-down roll bar makes it quick and easy to maneuver in low clearance areas.

Front End Loader

The KIOTI KL2510 front end loader is specially designed for the CK2510 tractor, providing efficient performance with single joystick control and a quick attach bucket. The KIOTI loader is designed for quick and easy attachment and detachment.

Backhoe

The subframe mounted KB2465 backhoe can be easily attached and detached using locking pins and quick-connect hydraulics.

The backhoe's offset subframe design provides a large approach angle for the easiest trailer loading in its class.
