PROPELLER SERIES

FARM KING HAS BEEN BUILDING RELIABLE AGRICULTURAL AND COMMERCIAL SNOWBLOWERS FOR MORE THAN FOUR DECADES.

The design has stood the test of time through the years, while continuously refined to create the best line of snowblowers in the industry. The new Propeller Series from Farm King is the culmination of that expertise and experience.

WHAT SETS THE PROPELLER SERIES APART IS THE AGGRESSIVE NEW PROPELLER BLADES ON A PADDLE-STYLE AUGER THAT MAXIMIZES PERFORMANCE IN EXTREME CONDITIONS WITH HEAVY, PACKED AND WET SNOW.

The rapid rotation of the auger with the propeller blades breaks down larger pieces of snow as it enters the machine and moves toward the fan, providing a smoother flow of snow into the fan.

Farm King Snowblowers are available in sizes ranging from 50" widths and up. (Heavy-duty widths are also available ranging from 96" to 120").
