ROOT, ROCK, & DEBRIS

# Job Done Right.

The Root Rake is designed to be invaluable for cleanup operations and is ideal for quickly gathering debris. Afterward the debris can be cleared with the rugged hydraulic grapple.

Light and regular duty Root Rakes are equipped with hydraulic grapples providing a firm grasp on even the most awkward loads.

The flame cut tines are spaced so you can pick up what you want and leave behind what you don't. The digging points are engineered for long life and better digging ability.
